Copying courses into A*STAR	I need to know if you guys can copy our Learning Center courses from NTDS to A*STAR? There are about 700 courses. One way to identify them are by the "Format of Course" these should all be either "Video, Computer based, CD ROM, or Audio". Is there any way you can copy them over so we will not have to re-enter them once NTDS goes away?		Copy all courses from NTDS to A*STAR

Provide an automated Dump of KSC Training Records	A copy of the training records for all KSC employees are needed to feed auxillary human resource tools/applications. This report is currently being run, but is a manual process and it would improve operations at KSC by automating the execution of the job and collection of the data.		Schedule the report to automatically run on the ADMIN Star system and export the data into a flat text file. Provide Secure FTP or other acceptable means to allow a KSC System to automatically retrieve the file.
